

Andrea needs our help to conquer cancer!

One of our fellow parishioners from Saint Nicholas Greek Orthodox Church in Wyckoff, NJ needs our help. Andrea Demetriou Kalliaras and her husband Constantinos (Gus) are proud parents to two young teenagers, Sophia and Nikolas. Andrea recently received the devastating news that she has a rare form of Leukemia that can only be cured by a stem cell transplant. We are now praying for the generosity of others and reaching out to our fellow community to find her a donor. A match is determined by a simple cheek swab.

Please join us for a
